1. STRATEGIC FOCUS & CHALLENGES

EIT Urban Mobility (EITUM) is an initiative supported by the European Institute of Innovation and Technology (EIT) acting to accelerate positive change on mobility to make urban spaces more liveable since January 2019. EITUM aims to become the largest European initiative transforming urban mobility and the reference in the market for supporting and funding gender-balanced start-ups within urban mobility.

Description of the programme and offering

UAM Plaza Accelerator is one of the thematic accelerator programmes funded by EITUM. The **UAM Plaza Accelerator** is therefore an EU-funded project: a consortium of partners is implementing the project with the financial support of EITUM. The aim of the accelerator projects is to take early-stage mobility start-ups (from EU and Horizon Europe associated countries) to the next level. In particular the programme is designed to offer to selected early-stage start-ups:

- An on-site welcome week in Toulouse organised on the 1st week of July 2023, including collective workshops, individual coaching and social events to meet the local innovation and Urban Air Mobility ecosystem;
- Individualized business coaching and training, up to 6 hours;
- Mentoring by industry experts and experienced founders;
- Product and technology validation with potential access to a network of living labs;
- Finding your product-market fit;
- Scaling your business, driving growth and internationalisation;
- Investor pitch coaching and potential contacts with investors and VC funds;
- Promotion of your start-up at the [Impact Ventures portfolio webpage](#), and through EIT Urban Mobility communication channels;
- Access to EIT Urban Mobility investment initiatives and funding instruments;
- 2.500€ lump-sum contribution (eligible cost categories is “travel, accommodation, and subsistence costs”);
- Tickets to Tomorrow.Mobility 2023, organised by Fira de Barcelona and co-organised by EIT Urban Mobility. One of the most influential start-up events in Europe with a specific focus on the future of mobility within cities;
- Impact assessment;
- Opportunity to get your start-up recommended for investment to EIT Urban Mobility – Impact Ventures division;

The **UAM Plaza Accelerator** will be a precursor and will **support 10 start-ups** during 2023 with a focus on **Urban Air Mobility** so that they develop and implement innovative solutions in the field of urban mobility.

The acceleration program will focus on:

- Policy support
- Citizen & regulator interaction,
- Living lab access
- Open UAM market
- Business setup support,
- Connection to a global Urban Air Mobility ecosystem.

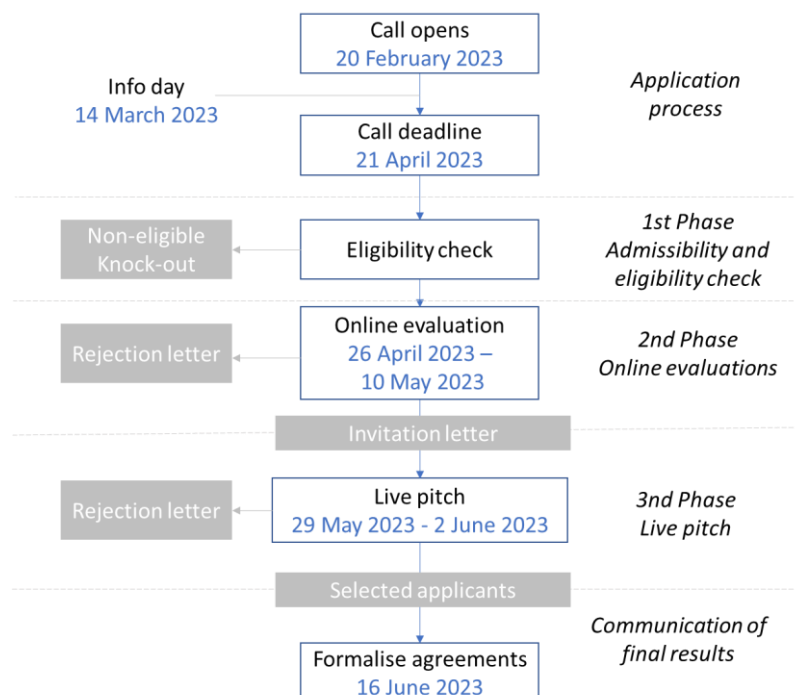

The **UAM Plaza Accelerator consortium partners** managing the accelerator are:

- **Toulouse Métropole:** The city of Toulouse (4th largest in France) is the pioneer cradle of the aeronautic industry and has high ambitions in urban air mobility
- **Aerospace Valley:** Cluster of the aerospace industry in the south-west of France, which contributes to the development and competitiveness of its community of 850 members. (France)
- **CARNET - UPC Technology Center:** Future Mobility Research Hub initiated by Volkswagen Group Innovation, SEAT and UPC (Spain) is an open hub for industrial and academic partners from the areas of automotive and mobility research & innovation.
- **Ferrovial:** Global leader in the development and operation of sustainable infrastructures with expertise in different Business Units such as Construction, Highways, Airports/Vertiports and Energy/Mobility.

This Guide for Applicants provides the needed information for applicants of **UAM Plaza Accelerator**.

5. HOW TO APPLY

Go to <https://eiturbanmobility.awardsplatform.com/> (PLATFORM)

START-UP representatives must **register and validate the account** if this is the first time accessing the platform. If START-UP representative has already created an account, proceed to **log in**.

Once logged in:

1. Start a new application;
2. Select Chapter EIT UM – Impact Ventures;
3. Select Category – **UAM Plaza Accelerator**;
4. Follow the application form.

During the application all compulsory fields must be filled. Details about the application form, sections and required information are included in **ANNEX 1 - Application form, sections and required information**.

6. EVALUATION PHASES AND CRITERIA

The evaluation of proposals and fit with the defined challenges will be conducted in **three phases**:

1st phase – Admissibility and eligibility check

START-UP applications will be first checked following a yes/no criteria (knock-out criteria). Applications meeting all the **formal eligibility requirements** will be selected for phase 2 - online evaluation.

2nd phase – Online evaluation

START-UP applications will be reviewed by a **panel composed by at least 4 evaluators** with same weighting of scores:

- 1 member from EIT Urban Mobility – Impact Ventures area (1/4);
- 3 external experts nominated by **UAM Plaza Accelerator** consortium (3/4).

Each evaluator will have to score each STARTUP application based on **four standardised criteria** for a maximum of 20 points: **Excellence / Innovation** (5 points), **Team / structure** (5 points) **Impact** (5 points), **Implementation and overall merit** (5 points). The average of all evaluators scores will give the online evaluation score for a given applicant.

	1. Excellence / Innovation	2. Team / Structure	3. Impact	4. Implementation and overall merit	TOTAL
Evaluation criteria	Innovativeness of the solution. Potential of the product or service to improve urban mobility. Achievements and pilot experience.	Team/founders (C levels, experience, coachability and hiring plan). Stakeholder relations with investors and other partners.	SDG impact and Societal impact. Applicant demonstrates to tackle SDG impact, gender equality and team diversity.	Overall merit of applicant and application fit to UAM Piazza Accelerator. Competitive and effective Pitch deck including mandatory sections: Problem, Solution, Value Proposition, Business Model, Market, Go To Market Strategy, Competition, Traction, Team.	20
Score	5	5	5	5	

Top 15 ranked START-UP applications by challenge will qualify to phase 3 – the live pitch. Once the four evaluators have concluded their assessment, a Consensus Meeting is organised: for each application a final score will be decided, and a brief evaluation report will be produced. Applicants will be notified via e-mail about the outcome of the evaluation.

Scoring criteria – 2nd Phase

Each criteria will be assessed according to the following scoring system:

Score	Description	
0	None	The information requested is missing or incomplete
1	Very poor	The information provided is considered irrelevant or inadequate compared to the specific information required for the block and/or call provisions
2	Poor	The information provided lacks relevant quality and contains significant weaknesses, compared to the specific block required information and/or call provisions
3	Fair	The overall information provided is adequate, however, some aspects are unclearly or insufficiently detailed, compared to the specific block required information and/or call provisions
4	Good	The information provided is adequate with sufficiently outlined details, compared to the specific block required information and/or call provisions
5	Excellent	The information provided is outstanding in its details, clarity and coherence, compared to the specific block required information and/or call provisions

3rd phase – Live pitch

Start-Ups will pitch their candidacy to join the accelerator to a **panel composed by at least 4 jury members**:

- 2 members from EIT Urban Mobility – Impact Ventures area (2/4);
- 2 external experts nominated by **UAM Piazza Accelerator** consortium (2/4).

Each evaluator will have to score each STARTUP application based on **two standardised criteria** for a maximum of 20 points: **Pitch** (10 points), **Overall fit to accelerator** (10 points). The average of all evaluators scores will give the total score for a given applicant.

	1. Pitch	2. Overall fit to accelerator	TOTAL
Evaluation criteria	Evaluation of pitch deck clarity on: <ul style="list-style-type: none"> - Founding team - Problem – solution fit - Innovativeness - Market validation - Business model, pricing and go-to-market strategy - Partners and traction - Competition and USP - Financial projections (3-5 years) - Funding needs 	Merits and fit of start-up to the accelerator call	20
Score	10	10	

The format of the live pitch will be 5 minutes presentation by the START-UP and 8 minutes questions from the jury panel. Once the four evaluators have concluded their assessment, a Consensus Meeting is organised: for each application a final score will be decided, and a final evaluation report will be produced.

The total score of phase 2 will be added to the total score of phase 3. Top 10 ranked START-UP applications will be conditionally accepted² to join the **UAM Piazza Accelerator**. If conditions are met, the START-UP will be granted the support service package. Applicants will be notified via e-mail about the outcome of the evaluation.

Scoring criteria – 3rd phase

Each criteria will be assessed according to the following scoring system:

Score	Description	
0	None	The information requested is missing or incomplete
2	Very poor	The information provided is considered irrelevant or inadequate compared to the specific information required for the block and/or call provisions
4	Poor	The information provided lacks relevant quality and contains significant weaknesses, compared to the specific block required information and/or call provisions
6	Fair	The overall information provided is adequate, however, some aspects are unclearly or insufficiently detailed, compared to the specific block required information and/or call provisions
8	Good	The information provided is adequate with sufficiently outlined details, compared to the specific block required information and/or call provisions
10	Excellent	The information provided is outstanding in its details, clarity and coherence, compared to the specific block required information and/or call provisions

7. COMMUNICATION OF RESULTS

Results will be communicated to the email of the startups representative registered at the AwardForce platform. *Note: Please, check your junk folder too!*

- Phase 1 results will be communicated with a rejection letter to non-qualified applicants;
- Phase 2 results will be communicated with a rejection letter and a brief evaluation report to non-qualified applicants; and an invitation to the live pitch for the qualified applicants;
- Phase 3 results will be communicated with a rejection letter and a final evaluation report to non-qualified applicants; and an announcement letter and a final evaluation report to selected start-ups.

The start-up point of contact of any application deemed inadmissible/ineligible who disputes the ineligibility decision, may appeal. This appeal must be sent to jcretegui@ferrovial.com within 5 calendar days from the official notification of ineligibility, by identifying and describing the factual errors that according to the applicant invalidate the decision. A final decision on the appeal is taken by the Accelerator consortium.

8. ACTIVITIES IMPLEMENTATION AND FINANCIAL ASPECTS

Selected startups will have to diligently collaborate to:

- Provide the registration certificate (mandatory to provide at the latest 5 calendar days after the selected start-up receives notification of conditional acceptance);
- Sign the legal agreement with their Accelerator (mandatory to provide when an applicant has been conditionally accepted and before the **UAM Plaza Accelerator** starting date);
- Include on the webpage of their organisation a clear reference to EIT UM and to the accelerator programme **UAM Plaza Accelerator** (mandatory to provide when an applicant has been conditionally accepted and before the **UAM Plaza Accelerator** starting date);
- Drawing-up **UAM Plaza Accelerator** documentation for reporting purposes towards EIT;
- Complete and submit in due time the monitoring survey/s which will be provided by the Accelerators;
- Actively promote the participation at **UAM Plaza Accelerator** to reach public audience.

After the evaluation and selection process, **UAM Plaza Accelerator** will grant each selected start-up with a fixed lump sum of 2,500 €. This amount is meant to cover the travel, accommodation, and subsistence costs³ of the representatives of the start-ups when attending Accelerators and EIT UM events during 2023 (see Annex 2).

ANNEX 2 – Lump sum contribution of 2,500€

Impact Ventures: Accelerators support to selected start-ups

Type of Activity

Accelerator Programmes provide support for innovative mobility solutions by nurturing start-ups. These include, among other support services, business coaching, mentoring by industry experts as well as urban mobility specific expertise such as technology or market validation, product-market fit or market entry. Accelerators will nurture start-ups from the various EIT Urban Mobility programmes as well as other promising start-ups from the EU and Third countries associated to Horizon Europe.

The Accelerators perform a scouting service for EIT Urban Mobility in identifying, evaluating, and selecting the most promising start-ups to be involved in the Accelerator's activities.

For start-ups, the benefits of being selected in the given Accelerator comprise:

- Mentoring and coaching, technology development, product-market fit, business model fine-tuning and other valuable acceleration services;
- Financial support for attending the Accelerator's and EIT UM events (including bilateral meetings).

Further details about the description of the programme and offering are included in section 1. STRATEGIC FOCUS & CHALLENGES.

Grant amount and types of expenses

After the evaluation and selection process, Accelerators will grant each selected start-up with a fixed lump sum of 2,500 €. This amount is meant to cover the cost of the human resources (daily rate), travel, accommodation, and subsistence costs of the representatives of the start-ups when attending a minimum of two Accelerators and EIT UM events (including bilateral meetings) during the period 21.04.2023-31.12.2023.

Requirements for awarding the grant

- The start-up should be successfully selected by the Accelerator in an open call;
- The start-up must commit to take part in the Accelerator actions to justify the lump sum.

Payment process

Once the start-up is successfully selected by the Accelerator open call, an agreement will be signed between the accelerator consortium partner managing the financial contribution and the start-up. The Lump Sum will be transferred to the start-up by the Accelerator consortium partner managing the financial contribution after the signature of the agreement.

Supporting documentation

As there is no financial reporting, there are no financial checks, reviews or audits related to actual costs and the resources used. We do not impose any obligation to keep financial records in lump sum grants. Please note that participating start-ups will have to comply with record-keeping obligations outside the agreement signed with the Accelerators, e.g. under national law or internal procedures. Controls will focus on the proper attendance of the start-up at the events/meetings organised by the Accelerators and EIT UM during the duration of the Accelerator programme. To prove the attendance at the event/meeting, the following evidence will need to be provided:

- copy of the list of attendance provided by the Accelerator, in case of online meetings;
- signed participants list provided by the Accelerator, in case of physical meetings.
